# Template Studio

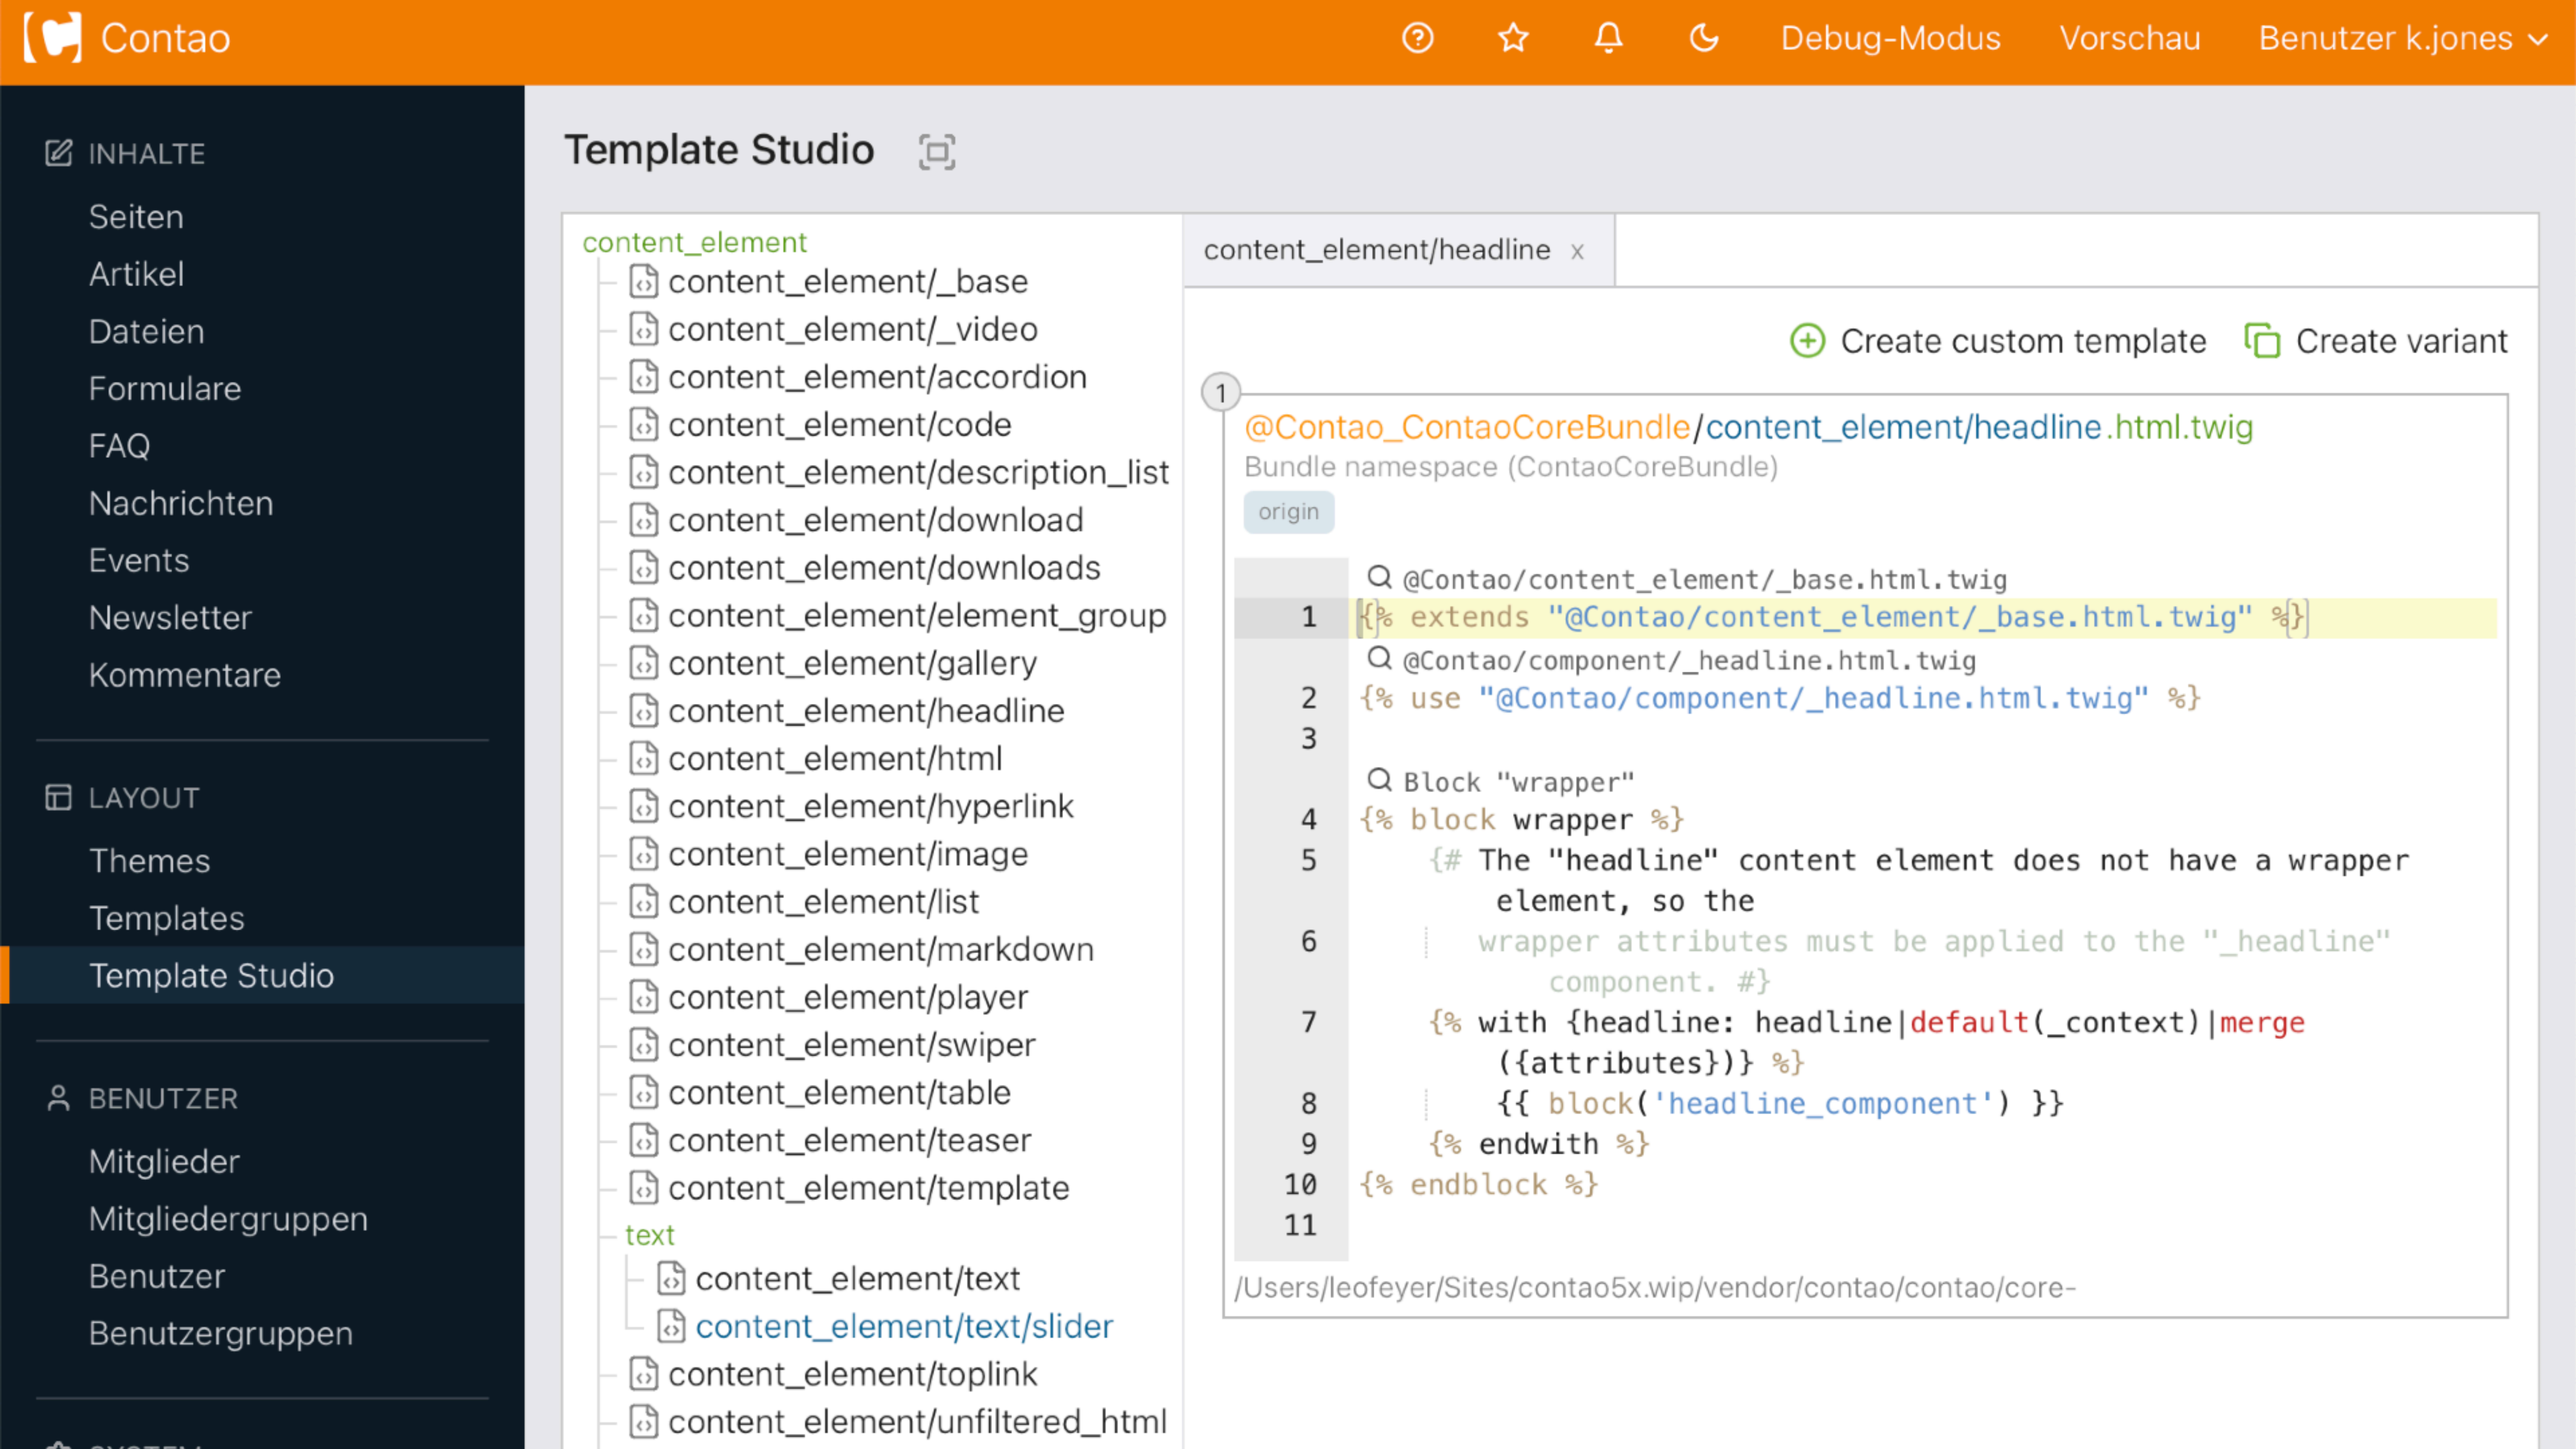

content_element
- content_element/_base
- content_element/_video
- content_element/accordion
- content_element/code
- content_element/description_list
- content_element/download
- content_element/downloads
- content_element/element_group
- content_element/gallery
- content_element/headline
- content_element/html
- content_element/hyperlink
- content_element/image
- content_element/list
- content_element/markdown
- content_element/player
- content_element/swiper
- content_element/table
- content_element/teaser
- content_element/template

text
- content_element/text
- content_element/text/slider

- content_element/toplink
- content_element/unfiltered_html

## Getting started

← Start by selecting a template from the browser. You can then view all its representations and make your own adjustments.
