- **address-line1** - Street address (one line per field, line 1)
- **address-line2** - Street address (one line per field, line 2)
- **address-line3** - Street address (one line per field, line 3)
- **address-level4** - The most fine-grained administrative level, in addresses with four administrative levels
- **address-level3** - The third administrative level, in addresses with three or more administrative levels
- **address-level2** - The second administrative level, in addresses with two or more administrative levels; in the countries with two administrative levels, this would typically be the city, town, village, or other locality within which the relevant street address is found
- **address-level1** - The broadest administrative level in the address, i.e., the province within which the locality is found; for example, in the US, this would be the state; in Switzerland it would be the canton; in the UK, the post town
- **country** - Country code
- **country-name** - Country name
- **postal-code** - Postal code, post code, ZIP code, CEDEX code (if CEDEX, append "CEDEX", and the *dissement*, if relevant, to the **address-level2** field)
- **cc-name** - Full name as given on the payment instrument
- **cc-given-name** - Given name as given on the payment instrument (in some Western cultures, also known as the *first name*)
- **cc-additional-name** - Additional names given on the payment instrument (in some Western cultures, also known as *middle names*, forenames other than the first name)
- **cc-family-name** - Family name given on the payment instrument (in some Western cultures, also known as
